TO COUNTY ASSESSORS:

No. 81/42

Correction to Letter No. 81/39

A Description of the
Local Property Tax Monitoring Program

The letter recently mailed to you transmitting the Local Property Tax Monitoring Program report inadvertently omitted a portion of the final paragraph. The following is the complete letter as originally intended.

A copy of the report entitled "A Description of the Local Property Tax Monitoring Program" is enclosed for your information. The document was written to describe in general terms the intercounty and intra-county equalization process in California before and after Proposition 13 and to explain the changes that are occurring to several of the property tax programs administered by the State Board of Equalization.

Initially, copies of the report are being distributed to all County Assessors and members of the California Assessors' Association Ad Hoc Committee. A second distribution will be made later to various state agencies and other interested parties.

We invite your comments and suggestions for improving the report. It may be advisable for you to send them to your Ad Hoc Committee which was established by the Assessors' Association with a copy to me.

Sincerely,

D. D. Bell
